

## LEGISLATIVE TRACKING & REPORTING SOLUTIONS

Whether you opt for the DLR only or the Legislative tracking package you'll see value in the products and services we provide.

SCIS, When You Have To Know... Now!

### State Capital Information Service, Inc.

is the oldest and most reliable privately-owned state legislative reporting and tracking service in Illinois.

Our First Reports were issued in 1945, covering the 64th Illinois General Assembly and we have operated without interruption since that time.

We have the best and easiest legislative tracking system in the country and are continually adding to our solutions. Our system allows easy tracking setup, reporting of daily activity and proactive notification both of legislative actions and events as they happen.

After your individual initial setup, our system will alert you of bills and amendments that concern your issues even if you didn't know about them! Never has researching, tracking and reporting on legislation been made easier.

You customize the settings and user repositories to your needs and let our system do the rest.
